VISION

To Educate, train and inspire youth for accepting global challenges through inclusive process of Knowledge, Skill, information & direct employment and to become a premier training & consulting company by 2022.

OUR WORK

Eduskill bouquet of customized training portfolio offers a wide range of educational products and services for learners of all ages (a Kindergarten learning basic skills to professionals looking for boosting personal effectiveness, career advancement, and professional development) with highquality proprietary contents and assessment capabilities. To accelerate "Skill India" initiatives, Eduskill is engaged with various Government & Corporate bodies for Industry specific training based on National Skill Qualification Framework. Eduskill is official training provider Under Pradhan Mantri Kaushal Vikas Yojna 2.0 run by National Skill Development Corporation and working with other Sector Skill Councils.

Our initiatives are triggered towards Indian Youth to have the long-lasting impact on society by offering employment opportunities to trained and certified youths in different sectors. We are serving as a catalyst to contribute in Skill ecosystem by implementing kinds of skill-building programs targeting marginalized families, Self Help Groups, and dropout youth. Within a short span of the last 5 year, we have touched nearly 5,000 families through training & placement initiatives.

MISSION

To enhance personal effectiveness, skill enhancement and ensure quality employment, bud entrepreneurship by disseminating all required skillsets through our highly sophisticated skill development programmes that support career management & life's goals.

OUR OBJECTIVES

With a key objective to serve as "helping hands to underprivileged", our initiatives include Women Empowerment, Self Help group formation, Entrepreneurship development, Skill development training, Child education, youth empowerment and consulting.

Eduskill success is led by a strong sense of commitment culminated in its core values of delivering excellence. Eduskill have partnered with leading Institutions, Industrial bodies and corporates worldwide to facilitate training, technology, placement & project consultancy in India and abroad.

Eduskill is "One- stop destination delivering educational excellence".
